

**INDOOR SCOREBOARD  
Backboard  
LED Light Strips /  
End of Game Lights  
Basketball  
Segment Timer**

<b>OVERALL DIMENSION</b>	Varying sizes. Sizes vary depending on specific backboard and preferences. Standard size is 36"x72", sold in 5 strips.
<b>INFORMATION DISPLAYED</b>	Lights when shotclock reaches zero or when game time reaches zero or at both instances. Control of LEDs is configured in the setup options in the 8000 console and can easily be changed from end of game lights to shot clock strips without needing to go up to the backboard (when using the strips with the 8000 Console and 8000 Shotclocks). Strips will also light on final segment time when counting down to zero. Strips require 10.5VDC and can be configured for any scoring system.
<b>LEDs</b>	Bright Red LEDs. 16 LEDs per foot. 4-Sided lights have 252 LEDs (standard size and configuration).
<b>CONSTRUCTION</b>	Strips made from folded poly-carbonate. Surface mounted LEDs mounted on pc board.
<b>ELECTRONICS</b>	100% solid state, microprocessor controlled system.
<b>SERVICING</b>	Front access for ease of servicing. Plug in modules for ease of replacement.
<b>MICROPROCESSOR CONTROL CONSOLE</b>	Extruded Aluminum, high impact low profile microprocessor control console, latest state of the art, user friendly. Size: 13.25" wide x 5" high x 9" deep. Weight: 6 lbs. Microprocessor to be supplied with 25 feet of cable (hardwire). Microprocessor control console with membrane keyboard provides for direct entry of all information. Radio Control is available.
 <b>DATA CABLE</b>	Twisted pair; data connects directly to any 5000 or 8000 shotclock using horn outputs on existing receiver board. Lightstrip ready shotclocks are simply plug and play.
<b>POWER REQUIREMENTS</b>	120VAC (to power power supply), one 20A circuit is recommended. 5A 10.5VDC Power supply required. Power supply may mount inside or existing shotclock. Shotclocks ordered with lightstrips will come equipped with sufficient power and data connections and will be plug and play.
<b>INSTALLATION</b>	May be mounted directly to most regulation backboards using a strong adhesive (included). Simply peel off the protective layer and adhere to backboard. Strips connect to each other by 2 wires.
<b>WEIGHT</b>	Net 20 lbs / Shipping 25 lbs.
<b>WARRANTY</b>	Five year guarantee against defects in materials and workmanship. Factory repair service for parts in warranty. Union label.
